How can we help you?

The Educational Advisor offers advice and guidance throughout your university career.

Through the Academic Success Center, we help you make the most of your University and develop a professional profile that sets you apart.

Vocation

- WE offer you tools and advice to help you discover your vocational interests.
- Once you have chosen your degree program, we help you build your academic curriculum and lay out a plan that helps you reach your goals.
- We advise you on your career opportunities and future projects.

Support

- We support you in your studies with personalized plans that will enable you to determine your learning style, organize your study time, and improve your academic performance.
- We recommend extracurricular activities (clubs, associations, volunteer activities, etc.) to reinforce your professional profile.

Talent

- We recommend workshops and training resources that will help you reinforce the skills required most on the job market from your first year of studies.
- We offer you personalized coaching to work on your personal brand, looking for what makes you different and positions you.
