Private Master's Degree in Sports Psychology

Introduction

The **Private Master's Degree in Sports Psychology** is a 9-month programme that allows students to specialise in designing and planning intervention programmes in sports psychology.

With **a professional approach and a practical perspective**, during this programme you will learn to apply the knowledge, skills and competencies acquired in sports psychology environments. You will study online under the guidance of a prestigious faculty that will provide you with this real approach to professional practice.

The programme will explore, **with a modern, practical and innovative approach, the different intervention programmes**. You will improve your skills and competencies to achieve a more attractive and competitive profile through a practical and project-based approach throughout the master's degree.

With the knowledge acquired, **you will be able to develop professionally as a sports psychologist** in different types of institutions in which you will work with professional athletes, such as: high performance centres, federations, clubs and psychology centres specialised in the area.

Our flexible methodology allows you to combine online with unique **optional face-to-face experiences** in which you will be in direct and continuous contact with the business world of the sports sector and will provide you with the chance to network with industry professionals, professors, and colleagues of multiple nationalities.

In the international stays, you will be able to choose between different destinations such as **Italy**, London, Switzerland, New York or Portugal, among others, where you will get to know new management models or trends in the field of Sports Health, visiting a leading research university, research centres or medical centres.

Professional faculty in the sector

The faculty is made up of active professionals from the most recognised companies in the sector, the same ones who will become a very valuable part of the students' network of contacts.

Invitation to the White Week Online

This event organised by the School is exclusively for our students. A week of unique lectures with leading sports industry professionals, elite athletes, and Real Madrid C. F. executives.

Madrid, revolutionizing the sports industry

Discover the most important aspects of the club. You will have the opportunity to get to know the Valdebebas Sports City from the inside. You will have access to the Real Madrid C. F. training facilities and will visit the Santiago Bernabéu stadium. You will also visit the city's main international sports entities and meet their executive managers.

Italy: Health and Sports

During this trip you will get know new management models and trends in the sports and health field visiting a leading university, Università degli Studi di Roma 'Foro Itálico', research centres or medical centres. You will have the opportunity to do networking with professionals from organisations such as Rome Olympic Stadium, Foro Itálico Tennis, Swimming Olympic centre or Nicola Pietrangeli Stadium. Discover the rest of the trips that you can take part in.

Online Methodology

The online methodology focuses on the learner and on guaranteeing effective and personalised learning, always accompanying them so that they can achieve their objectives. Technology and innovation allow us to offer a dynamic and motivating environment, with the flexibility you need and the tools that ensure quality training. During the learning process, the student will have several resources such as:

- **Live virtual classes** that can be connected to from any from any place and device. These sessions are also recorded in case the student cannot attend or wants to watch them again. **All exams are online**, so you don't have to travel at any time.
- **You will have the support of our expert faculty** who will facilitate the learning process, as well as a tutor who will guide and help students to achieve their goals.
- **The student will obtain comprehensive training** based on learning through real cases combined with theoretical and practical learning.

International School

The history of Real Madrid is an example of **vision, dedication and a pioneering spirit** that has inspired generations throughout the years. Its legend in the world of football has forged the most prestigious and respected sports brand on every continent. Real Madrid is a multicultural club open to all and a leader in the global sports industry.

In 2006, the club started its joint venture with Universidad Europea, sharing a great international vocation which is reflected every day on the campus.

Nowadays, Escuela Universitaria Real Madrid Universidad Europea offers 32 graduate programmes with the mission of training the future leaders of the sports industry. Its academic quality has made the School become a key part

in how the sports sector has modernised over recent years, and there are more than 13.000 alumni working worldwide in the sector.

This year we'll receive around 1.000 students, with 78% of them coming from outside of Spain. The multicultural profile of the teaching staff and students, coming from more than 70 different nationalities, adds a unique value to our graduates.

Our open and multidisciplinary approach is evidenced by the experiences and opportunities offered by the School, such as the chance to study different management models from a range of sports, including getting to know the key

players within each sport and discipline.

We'll visit some worldwide renowned sports facilities, the headquarters of regulatory institutions in sports, and key players within the sports industry. The visits will include several work sessions with leading professionals, allowing students the chance to exchange opinions and deep dive in the 'know-how' of each organisation.

A unique chance to broaden your horizons and open your mind.
