1. INTRODUCTION

The purpose of these Regulations is to **guarantee the safety of the users of** the different Campuses of the European University of the Canary Islands with regard to transit on the access roads to the same, whether on foot or by any type of means of transport.

These regulations shall be applicable to all members of the University Community, both employees and students, deriving, in case of non-compliance, the corresponding responsibilities according to the sanctioning regime applicable to the effect.

This is intended to mitigate **the consequences that the actions of users may have for their own safety and for the rest of the members of the University Community, within the context of transit.**

Users are understood to be persons who are, transit, use or dispose of the facilities that comprise the various Campuses of the European University of the Canary Islands, without the intention of being exhaustive: employees, students, workers and contractors who provide services in the facilities of the Campuses and visitors.

2. DEFINITIONS

The types of vehicles that are mainly used for access to the Campuses of the European University of the Canary Islands are the following:

Passenger car: Motor vehicle intended for the transport of persons, with at least four wheels and a maximum of nine seats including the driver, normally for private use.

Bicycle: A two-wheeled vehicle with a seat for the driver that moves by traction from the driver's legs through pedals.

Electric bicycle: A two-wheeled vehicle with a seat for the driver that can be moved by traction from the driver's legs through pedals, and which has an electric motor attached to it to help it move forward.

Motorcycle: A two-wheeled vehicle with a seat for the driver and a passenger, which is powered by a combustion engine.

Scooter: A Personal Mobility Vehicle (PMV) with one or more wheels equipped with a single seat and propelled exclusively by electric motors with a maximum speed by design between 6 and 25 km/h.

Pedestrians: Pedestrians are users who travel on foot on the access roads to EU campuses.

PMV: Personal Mobility Vehicle: electric scooters, electric unicycles, electric scooter, hoverboard, Segway.

3. REGULATION

3.1 APPLICABLE REGULATIONS

These Regulations are approved in accordance with the following regulations in force:

- Law on Traffic and Road Safety, Passed by Royal Decree 6/2015 of October 30, in the subject of the driving license and points-based driving license.
- Law on civil liability and insurance in the circulation of motor vehicles.
- Subsequent partial modifications of the previous regulations.
- Municipal Ordinance on Traffic and Mobility of Santa Cruz de Tenerife.
- Royal Decree 970/2020 of November 10, amending the General Traffic Regulations and the General Vehicle Regulations in the subject of urban traffic measures.
- Internal rules of the European University of the Canary Islands.

3.2 REGULATORY SPECIFICATIONS ACCORDING TO THE VEHICLE:

3.2.1 Electric scooter and other VMP (personal mobility vehicles):

- **It is forbidden to bring VMPs inside any of the buildings on the campus of the European University of the Canary Islands.**
- It is strictly forbidden to charge VMPs indoors.

3.2.2 Bicycles and electric bicycles:

- It is forbidden to enter the buildings of the Campus of the European University of the Canary Islands with bicycles and to carry out indoor charging, in the case of being electric.

3. SANCTIONING REGIME

In the event that it is detected that any violation of the provisions contained in these Regulations has been committed, either by an employee or by a student, it will be reported to the Management Board of Security.

		Page5 of 5
	ROAD SAFETY REGULATIONS	EDITION 00

The Management Board of Security of the European University of the Canary Islands will prepare the corresponding report detailing the infraction committed and to which may be attached as much evidence as deemed appropriate.

In the event that the infraction of the provisions of these Regulations has been committed by University employees, the Director of Security will submit the report to the Human Resources Department of the University so that, after processing the appropriate procedure, the corresponding sanction may be applied to the employee, if applicable.

In the event that said infraction has been committed by a student of the Universidad Europea de Canarias, the Security Director will submit the report to the Disciplinary Committee so that, after processing the appropriate disciplinary file **through the abbreviated procedure foreseen for traffic infractions in the Rules of Coexistence of the Universidad Europea de Canarias**, the corresponding sanction, if applicable, will be applied to the student.
